Winter 2021

WITH THOUSANDS OF NEW HOMES PLANNED, DR KAUSHIK CHAKRABORTY ASKS WHERE WILL OUR CHILDREN GO TO SCHOOL ?

More development will put pressure on our local schools and services

■ Dr Kaushik Chakraborty has raised his concerns with the local council With a planning application to build 48 townhouses and 38 apartments on the site of the former Sale Magistrates Court off Ashton Road in Sale, Trafford Conservatives are asking questions as to which schools in the borough have capacity to accept additional pupils.

The announcement comes after an application to develop another 184 homes in the Sale West area, around 100 homes in Sale town centre Dr Chakraborty says “ the

planned developments will see more traffic on the A56 and more congestion and standing cars causing pollution.

We know families move into Trafford because of the excellent choice of schools and we need to recognise that we must provide schools places and not continue to build until we have them.

It should be one of the top priorities for any local ward councillor to ensure we have enough school places and not allow the council to overburden our great school Family.

Greater Manchester Police to get £884,013 in additional Government funding

£25 million Safer Streets Fund the Fund forms part of the Government’s concerted action to tackle crime and aims to stop offences that blight communities and cause misery to victims from happening in the first place.

We need to see action from our Police and Crime Commissioner Andy Burnham here in Broadheath, West Timperley and Sale so people feel safe in their homes and on their streets. For too long attention has been focused on the City centre by our media loving Labour Mayor.

Dr Chakraborty demands more police on the beat in our streets, here.

FLU VACCINE

As a local GP Dr Chakraborty welcomes the expanded flu vaccination programme to protect vulnerable people and support the NHS

Free vaccine available for people aged 50 to 64 |

Households of those on the shielded patient list eligible for free flu vaccination and school programme expanded to the first year of secondary schools for the first time.

DO YOU WANT A BETTER PLAN FOR WHERE YOU LIVE?

The Greater Manchester Mayor was meant to bring new leadership and fresh ideas.

But for most people, nothing has changed under Labour Mayor Andy Burnham. We can't afford three more years of nothing changing. That's why we need a Mayor with a better plan. Someone who will get things done.

My better plan means we can:

1. **Secure jobs** as we recover from the impacts of the pandemic.
2. **Crack down on crime** by putting more police on the beat with the

- powers and extra resources they need.
3. **Attract new investment** for every community – not just Manchester city centre
 4. **Improve public transport** with better buses on more routes and extending the tram network.
 5. **Build homes people can afford** and make sure they're in places with schools, roads and health care facilities.
 6. **Unlock opportunities** for jobs and businesses now we've left the EU. Add your support at <https://www.laura-evans.org/>

Laura Evans Conservative Mayoral Candidate for Greater Manchester says "What's needed is a Mayor who'll work with the Government and work across the whole of Greater and get stuff done."

LABOUR BREAK MANIFESTO PROMISE TO FIX THE ROADS IN TRAFFORD

Trafford's roads are now deemed by many as the worst roads in Greater Manchester. This has led to an increase in insurance claims 2018-19, the Council paid out funds for 125 successful insurance claims as a result of its failures to repair or inspect roads and footpaths across the borough – up from just 29 payouts the year before. **Dr Kaushik Chakraborty feels it's unfair to suggest families can cycle on roads that are in such a poor state and is calling on the Council to take action.** Please report any roads to mail@traffordconservatives we will raise it with the Council or fill in our survey at <https://www.traffordconservatives.com/campaigns/have-your-say-councils-budget-proposals>

One of the many roads in Trafford that the council are suggesting we cycle on

Councils Budget Proposals 2021

■ The Council's budget proposals for next year, **include dimming the street lights, reducing grass cutting in our parks / roadside verges and reducing bin collections. Selling off some of our historic buildings such as Altrincham Town Hall .**

Trafford Conservatives are encouraging you to have your say. by responding to the online survey at <https://www.traffordconservatives.com/campaigns/have-your-say-councils-budget-proposals>

The Conservative group will be able to raise all and any concerns with the council and the Labour Executive members.

GMSF / GREENBELT

■ Greater Manchester Spatial Framework development plan scrapped for now. The project has been controversial since its first draft in 2016 due to the sacrifice of the Greenbelt land. Conservatives Councillors in Trafford are urging the Labour run council to set up a local plan for local people focusing on brownfield sites. Dr Chakraborty says "residents must be able to give a say on the plans for their Green Spaces."
